

Be a Wildcat Volunteer! Our **Parent-Teacher Organization** runs on volunteer power; without it, many of the enriching programs that the PTO sponsors would not exist. When you volunteer, you make a positive difference in your child’s learning environment and help build a stronger school community. You also meet other Whittier families, get to know teachers and administrators better, and have some fun!

The PTO is comprised of all parents, guardians, and teachers. There are no “PTO Members,” and there are no “membership dues.” You are already a part of the PTO, and we hope that you will participate in ways that work for you.

Typical volunteer tasks include setting up for events, working registers, cleaning up, and organizing forms. You can volunteer for as little as one hour or as much as several hours a week—whatever your schedule permits, your help makes a difference!

Throughout the school year, you will receive sign ups to volunteer for most PTO events via email. If you are interested in learning more about volunteer opportunities, or in helping out generally, please fill out the form below. Descriptions of our different programs and events can be found [here](#) (link), and you can also learn more by coming to monthly PTO meetings or asking any of the members of our Executive Board found [here](#) (link to E-Board) about volunteer opportunities. Thank you for your interest!
